

AGGRETSUKO

1. HELPFUL RETSUKO

Place Aggretsuko adjacent to her ally within 3 squares. She may only do assist or interact actions for the rest of this turn.

2. IN YOUR FACE

Place a number of Rage Tokens equal to your Rage towards a rival you can see. Challenge 2.

3. RAGE!!!

Do a challenge equal to 1 plus your Rage. Shift your Rage token down 1.

2. GET MAD

When Aggretsuko does a basic action, place your Rage token on the 2 of your cooldown track or on your cooldown track. Aggretsuko's Rage token is on the cooldown track.

CHAINSAW

You may place the chainsaw on the 2 of your cooldown track or on your cooldown track. When you place the chainsaw on the 2 of your cooldown track, you may place a non-targeted challenge.

UNLEASH YOUR RAGE WITH AGGRETSUKO!

Aggretsuko is designed to be combined with your existing *Funkoverse*™ Strategy Games. A 4-character or 2-character game is required to play this expansion.

TIPS AND STRATEGIES FOR AGGRETSUKO!

- Look for characters that share ability colors with Aggretsuko so you can use your most powerful abilities again and again.
- Keep Aggretsuko centrally located. Her abilities allow her to quickly support her allies and engage her rivals.
- Aggretsuko can use her In Your Face ability followed by her Rage!!! ability for a potent one-two punch—especially when she's carrying the Chainsaw!
- Aggretsuko pairs well with other characters that let her take additional basic actions. This may help to start her turn at maximum rage.
- Be careful about rushing in too quickly with Aggretsuko. Her attacks are powerful, but she may get overwhelmed against multiple opponents.
